

SHANTARA RESORT PORT DOUGLAS

Couples seeking a quiet holiday in a private boutique resort which doesn't cater for children under sixteen will be ideally suited to this new property. A low-rise building of well planned, self-contained resort apartments designed around two deep blue lagoon swimming pools, Shantara Resort & Spa Port Douglas opened on 1 September 2007.

Its location on Port Douglas Road puts it in the ideal position – Shantara is within really easy walking distance to Macrossan Street (400 metres), Four Mile Beach (400 metres) and less than 1km to Marina Mirage.

Resort facilities are extremely well maintained and include the lagoon pools linked by a tropical island, an excellent BBQ and entertainment area, an air-conditioned gymnasium and a spa featuring the very latest in spa products and equipment. (Treatments from the extensive spa menu can also be booked in your apartment). For staying in touch, there is the added bonus of wireless internet connections.

Shantara's apartments come in three styles: Hotel studio rooms from \$215 per night, 1 bedroom apartments from \$290, and 4 special Shantara apartments featuring balconies with direct pool access and large Jacuzzis located in their private courtyards from \$370.

The interior décor is contemporary and particularly comfortable – a great deal of thought has gone into the colours, soft furnishings and layouts of bathrooms and kitchens.
